

PUBLIC PARTICIPATION

11.1 SALIENT SUGGESTIONS FROM STAKE HOLDER DISCUSSIONS

Discussions were held with various Citizens groups, Corporators, Officials, Authorities-Organizations, Associations and NGOs on problems, issues and aspirations for Sangli Miraj Kupwad Development Plan.

Some of the **salient suggestions** brought out during these discussions are as below:

11.1.1 General

- In the Sangli regional Plan 1981-2001, Sangli District was taken as a region. Focus was to settle the population and discourage migration. The population was to be settled based on capacity assessment. Revival of old artisan class by establishing small industries in villages was envisaged.
- Sugarcane has dominated the agricultural produce and sugar mill (10 nos.) have come up. But this is detrimental as the land fertility is decreased. Dairy is one of the promising sectors. Groundnut and turmeric cultivation should also be developed.
- Recommendations in the Development Plan should be for broad land use, instead of usual rigid reservations.
- A special economic zone with exemption of octroi duties should be proposed to accrue economic benefits to the region.
- At present Civil Courts, Labour Courts, Criminal, Revenue, Consumer Courts, Cooperative courts all have rented premises. These should be in one complex. Administrative offices of all these courts should also be adjacent and all in one complex.
- Staff quarter should also be provided in the same complex.
- Shifting offices should decongest Gaothan areas & other work centers to extension area.
- Kalikhan Talav should be developed. A water sports park should be developed in the Marshy land (Sherinalla).
- Old reservations should not be removed.

11.1.2 Housing

- Common facilities such as service shops for domestic appliances should be provided in housing areas.
- Many of the housing layouts at present do not have interlinking roads. Roads lead to dead ends and one has to come back to get to the adjacent layout. Hence while sanctioning layout for plots of 1 acre and above, it should be ensured that they have link roads so that adjacent colonies are linked.
- Area along Malgaon road in Miraj should be converted into residential use zone.
- All large slum pockets should be re organized to yield open spaces and also spaces for facilities.
- Slums in R.S. no 269, 270 should be `notified'. Vijaynagar zopadpatti should be relocated.
- Reservations in Gokul nagar slums should be cancelled.
- Reservations provided earlier for `Housing for dishoused' in Miraj should be retained.
- Reservation earmarked for Dairy Development should be cancelled as slums have developed in this area.
- Land should be reserved for E.W.S housing in Kupwad/ Wanleswadi for porters/hamals etc.
- Reservation for staff quarter in front of Laxmi Mills should be retained.

11.1.3 Physical Infrastructure

- Conversion of rail line from N.G. to B.G. should be taken up on Miraj –Pandharpur.
- Provision of better services and amenities like water, road, power, shopping facilities, cultural, education is aspired for in a city. Drainage and Water supply facilities should be developed in extension areas.
- Practice of online pumping should be stopped.
- Underground tanks should be provided in apartments.
- Public toilets should be provided on Ganpati Peth road, Hira bagh water works, near M.I.D.C water works, Kupwad road.

- Public toilet for ladies should be provided.
- In old city areas open defecation is common. Hence pay & use toilets should be provided.
- Problems are being faced in providing effective drainage network because of this region being saucer shaped with relatively flat terrain.
- Although the effluent from Oxidation Pond irrigated earlier 900 acres of land, now it is not possible, as these agricultural lands have been converted into built up area. Hence there is a problem of effluent disposal. The oxidation pond is functional only to a small extent. Hence the sewage is directly disposed off into a nallah near Haripur road crossing and ultimately discharged into river.
- Natural drainage should be utilized to function as drains and should act as central drains to the area. It may have mechanical sieves too. All natural nallahs should be depicted on map.
- Storm water drainage is a major problem.
- Drainage should be provided for pockets adjoining Sangli Miraj road.
- Natural drains have been obstructed with built up features.
- Sewage treatment plant – manure from sewage can be used for salinity affected land area.
- Collection of water supply charges, property tax etc. should be privatized. This will give higher revenues.
- In Kali Khan Pond, outlets of septic tanks have been provided, this should be stopped.
- Decentralized power system and captive power plants.
- Third party certification should be used in all public works. Performance guarantee is to be obtained before release of bill and accountability to be put on certifying engineer.

11.1.4 Transport

- Provision for Cycle Track and Jogging Track.
- Dhamani Road (near fruit market) and its linking to Miraj Road should be widened.
- Flyovers should be provided for railroad crossings at Vishrambag, Timber Market Road, Chintamani Nagar.
- Flyover should also be provided to ease congestion at Rajwada Chowk.
- Road along Gowli galli should be widened.
- Access road should be provided for truck parking reservation site from the new 100' road (R.S. no 91).
- D.P road reserved through R.S no 42/2, 43/2, 43/1A should be deleted as residential areas have already developed in these pockets.
- D.P road passing through R.S no 833 in Miraj should be reduced to 30' wide road.
- A road should be provided along Railway line (R.S no 143-64).
- D.P road connecting Sangli road to Pandharpur road should be developed.
- Roads along R.S. no 386,387 should be developed till Madhav Nagar Road.
- A road connecting Budhgaon road and Tasgaon road passing through R.S. no 431, 448, 452 should be developed. Roads should also be provided through R. S. no 380,381, 382 and 429,458.
- A 60' wide road should be provided along Market yard to Railway station.
- Carriageways at Apta Poilice Chowk, Chandok nivas Chowk, Aamrai garden Chowk and sangli Kupwad road should be developed as divided carriageway. Also roads from Railway station to Congress chowk, Market yard to Gokul nagar should be improved.
- Bye pass road stopped at Madhav Nagar road should be continued further on.
- Karnal road faces problems of water logging due to low heights of culvert. This should be rectified. Similarly bridge on Haripur road should also be bigger.
- Provision of a road north south of Sangli, from Guest House, so that the traffic destined to Railway Station is not required to pass through market yard.
- Provision of an automobile centre on Kolhapur Road, Bangaar Bazzar.
- Cement concrete pavements should be used in main roads areas prone to water logging.
- Traffic island should be developed on all-important intersections, especially Congress Chowk, College corner chowk, New Railway station, toll road intersection and at intersection near paranjape Plots.
- Separate Bus terminal for private buses. In Sanctioned layout care should be taken that at least one road should be links to other layout.

- There is no space for private bus terminal, i.e. for private bus operators. This should be provided.
- Larger roads are difficult to maintain. Hence in the existing roads traffic management measures should be resorted to instead of widening of roads.
- S.T. Stand is in congested area. It should be shifted.
- All lanes in 'Bhangi settlement' near S.T stand in Sangli should be developed as roads.
- Access road should be developed from R.S no 80-76 connecting Budhgaon Road.
- Road should be provided to connect ITI, Ganga sagar Tank and the industrial area.
- Road to connect 'Amrai' garden and Circuit house should be developed.
- 100' D.P road connecting Kolhapur Road and Haripur Road should be developed.
- Bus terminal for private Bus Operators should also be provided.
- Parking facilities are lacking in Gaothan Area. Parking facilities should be developed in Ganpati Peth and Lovely circle.
- Area between Dhamni Road and Fruit Market to be connected to residential areas.
- By pass road should be developed to avoid vehicles coming from Kolhapur to pass through Sangli.
- Road should be developed road from Kupwad to Sugar factory so that the traffic onto Sugar factory can be dispersed fast.
- Demarcation of roads (carriage way, footpaths etc) and provision of road drainage and storm water drainage, for proper usage of roads should be carried out.
- Construction and maintenance of roads through selling the advertisement hoardings should be tried in SMKMC.
- Road parallel to Fodder market in Miraj should be widened.
- Road along southern boundary of Sangli should be widened to 60'.
- Truck Terminus at Vakharbag should be extended till the road near it. Reservation should be provided in an adjacent land for workshops/service market, plots for truck body repairs, autorickshaw repairs etc.

11.1.5 Social Infrastructure

- Land should be earmarked for Coporation office in the earlier reservation for administrative building in front of bapat mala garden.
- Rajwada and Ganpati Temple complex are properties of Ganpati trust and hence should be treated as 'private land' enabling the trust to change its use/ develop commercial facilities in them.
- Guesthouse should be developed near Miraj Railway station.
- Land should be reserved for schools, dispensaries and market in Gunthewari settlements along 100' road.
- 5% of total land under educational site to be made available for commercial use which would have shops pertaining education, such as Book stall, Stationery, Cafes, Toys, Computers, Sports, Chemists. etc.
- Although there are 4 colleges under Latthe Education Society, no playground exists.
- Keeping in consonance with future scenario when colleges will be conducted from homes educational complex should be built which would have kind Primary School, Higher Sec. With playgrounds.
- School should be provided near Gokul nagar slums. Provision for an Urdu school near Fodder Market in Miraj. Reservation in ward no 55 for school should be deleted as it has been encroached by residential area. Land should be reserved for a school in Bagwan galli.
- Provision of a high school in R.S. No. 120 in Miraj (Malgaon Road). Land should be reserved for school in ward no. 9 as the existing school runs in rented premises.
- Absence of playgrounds in many schools.
- 5%-10% of land area to be permitted for commercial activities in the land reserved for educational facilities.
- In lieu of reserving more areas for educational facilities, viability of redensification of existing areas to be evaluated.
- Reservation for school should be provided in the area near Sahu Garden.
- Provision should be made for a dispensary in R.S. no 301A or 302 and also in Kupwad.

- Reservation made for dispensary in R.S no 302A should be retained.
- Provision should be made for schools and dispensary near HUDCO colony in sangli, and in ward no 23.
- Land should be reserved for a women's club. Land should be also earmarked for a Women's D. Ed College along Pandharpur road in Miraj.
- The zoo should be relocated to a central location.
- Land should be earmarked for a Municipal Corporation's Mangal Karyalaya in Miraj as the existing Mangal Karyalaya are owned by various societies / cultural groups who charge exorbitantly for non-members.
- Land should be reserved for Library and Mangal Karyalaya near Siddeshwar Housing Society. (R.S no 259), in ward no. 26 (Miraj) and at the intersection of toll road in Sangalwadi.
- Land reserved for 'Housing for dishoused' should be changed to Mangal Karyalaya/Cultural center.
- Balwadis and Gymnasium should be provided in each ward, especially in ward No.56
- It has been observed that although plots have been reserved for Gardens, they could not be developed due to paucity of funds.
- A good theatre should be developed in extension area (Vishrambagh).
- Sports grounds should be provided. Ambedkar Stadium is not used, as it is in low-lying land.
- A stadium, swimming pool and park should be provided in extension areas.
- A central museum and library with multimedia facilities should be developed.
- Provision of 50-100 acres land for Trade Promotion Complex.
- Provision of art gallery.
- Swimming pool should be provided (in Vishrambag).
- There are no big gardens, morning walk trails in SMKMC area. On 100' road, 10' walking trail can be developed (Kolhapur Road to Vishrambag)
- Open Ground near Jain Mandir in Vishrambag to have a small stadium.
- A cultural center should be provided in Gulmohar colony.
- Vacant land in R.S no 328 should be allocated for Vyayamshala.
- A large garden with a structured and efficient maintenance mechanism is needed in SMKMC. A decentralized Regional park should be provided near Kolhapur Road. Similarly a stadium with all facilities should also be developed.
- A garden should be developed in the open space behind Savarkar Nidhi (near K.T Weir), in Abhay nagar, near Jyotiba Mandir, on Lane Plots nears madhav Nagar road, SMKMC land near Swaroop Theatre and on land near Krishna river bank opposite to Vasant Dada Memorial.
- Reservation of land for S.T workshop should be converted to that of garden.
- Reservation of land near lovely circle provided in earlier D.P for Mangal Karyalaya should be retained. Reservation no 146 in ward no 56 should be converted to Mangal karyalaya.
- Reservation of garden in Gandhi nagar should be cancelled.
- Playground should be provided in areas adjacent to Sugar factory, area south of Sanjay Nagar, area adjacent to Toll road (near Madhav Nagar road) and in Kupwad.
- Open plot near reservation assigned for 'Old age housing' should be developed for garden/school. Similarly reservations for playground in R.S no 2, 15/3 in Sangli should be deleted and converted into residential.
- Parks should be developed for old citizens.
- Open land in R.S no. 309 and 314 should be used for playground. Similarly reservations assigned for dispensary and post office in R.S no 331A should be deleted, and converted into playground.
- Provision for a slaughter house (for small animals) near Malgaon Ves, Takli Road (Miraj). Meat markets should be provided for new areas. Vacant land in Mommin Galli should be reserved for Beef Market. Slaughterhouse should be relocated to MIDC area or on Sangli kupwad road.
- Parsi burial ground in Miraj is to be converted into Muslim Burial Ground.
- Reservation behind Bharat Bhushan High School and of R.S no 834 in Miraj is to be deleted.
- Muslim Burial grounds should be provided in Miraj.
- One more Hindu smashan bhoomi is to be provided along the riverside near the Irwin Bridge. Reservation for Cremation ground near Market yard should be changed to 'Burial Ground'. Site for burial ground should be reserved near shamrao nagar.

- Cremation ground of 5-10 acres each should be provided on either side of toll road bridge in Sangli.
- Oxidation pond areas in Sangli should be converted into Burial Ground.
- At present no amenities exist in Kupwad, forcing its residents to depend on Sangli. Hence land should be reserved for amenities in Kupwad.
- Solid waste dhalaos should be provided in each locality.
- Fire stations should be provided in all the corners of the SMKMC area.

11.1.6 Commercial facilities

- Need is felt for a big vegetable market in Miraj. The present Laxmi Bazar functions on roadside.
- Commercial centres are concentrated in Gaothan area. They should be decentralized and distributed.
- A commercial complex to be developed on B.O.T basis should be developed in the SMKMC land nears Ram mandir.
- Provision of wholesale / storage godowns in Bye Pass/ Outer roads.
- Provision of increased area for Timber Market.
- Provisions of 100-200 acres of land for market, cold storage, transport facilities in Pandharpur road.
- Provision of Bhaji Mandi (50 sellers in one place) should be made for each set of 3-4 wards, and also in Vishrambag, near Circuit house, along the wide road near Railway station and along Pushpraj Chowk.
- Vacant land near Petrol pump, adjacent to Burial ground (Market Yard) should be developed as market.
- Provision of Shopping complex to discourage people from going into Gaothan areas.
- Provision of space for ward offices.
- Land behind Udyog Bhawan to be used for Market yard.
- A market place needs to be provided for Burad and Bhangar samaj people.
- A vegetable market should be provided along Takli Road in Miraj.
- Weekly market should be provided in Khandak in Miraj.
- A niche of 5' width should be created along Shastri Garden to accommodate the Khokhas. Khokhas by the side of Shivaji market should also be reorganized.
- Vegetable vendors on Risala road should be allocated vacant Municipal land behind Petrol pump or in Bairang Bazaar.

11.1.7 Industry

- Climate of Sangli is favorable for grapes cultivation. Hence processing facilities should be in Sangli.
- Ancillary for wine industry should be established.

11.1.8 Urban Design

- Reorganizations of stalls around Dargah as part of area improvement
- Area improvement of the main chowk of Miraj
- Stalls around Ganapati Temple should be more organized.
- River Front area should be developed. They lend image to the city.
- Some focal points should be developed in the extension area. (Vishrambag)
- Although Sangli is basically a trading town with wholesale trading activities, the transactions are dwindling due to high octroi tax.
- Bower Din Dargah in Kupwad should be developed.

11.1.9 Institutional Strengthening

- Corporations should concentrate on monitoring, not execution.
- Motivation of local body staff to serve in a public friendly manner. They should work more towards public service rather than public authority.
- More transparency should be brought in collection of various charges. Eg. Octroi rates should be displayed at octroi naaka. Rates should be rationalized so that evasion can be minimized. e.g. rate should be on the basis of per bag of cement, instead of on its price.

- Reduction in staff through rationalization measures. e.g. in meter reading. In building plan sanctioning, let the builder build it as per set norms and give a compliance certificate. If any violation is found, penalty provisions should be invoked. Such post-facto measures would reduce Govt. manpower.

11.2 REQUIREMENTS SOUGHT BY GOVT. DEPARTMENTS AND INDIVIDUALS

The requirements sought by govt departments and individuals are depicted below:

No.	Name of Person	Name of Dept.	Survey No.	Requisition / land required
1	Arun Ramchandra More, Corporator SMKMC	SMKMC	S.No.547/1, 547/2	D.P.Road taking off from Kolhapur Road to be given a straight line alignment
